

# Dacia Sandero Stepway

The supermini with **SUV style**

Easy on the eye

– easy on the wallet

# A little more about **our range**

Dacia fully supports the introduction of the new emissions testing procedure, called 'Worldwide Harmonised Light Vehicle Test Procedure' (WLTP). WLTP represents a positive change to provide consumers with fuel economy and emissions data which is more representative of the results you may achieve in real life.

## Stand out from the crowd

If you're tired of the same old family cars, then the Sandero Stepway is a breath of fresh air. Whether you're on the school run or the open road, it's not short on style either.

For starters there's the raised ride height. It really puts you in the driving seat with a clearer view of whatever's ahead. Then there are the **16" wheels**, skid plates, and black wheelarch extensions and side sill. Everything you need for some rugged SUV style.

Look the business with satin chrome roof bars, stunning metallic colours, a restyled front grill and LED day-time running lights.

Throw in a choice of impressively reliable engines, ABS, **Emergency Brake Assist (EBA)** and **Electronic Stability Control (ESC)**. It's quite the performer.

# Good looking inside and out

Looks will only get you so far. So we made sure the Sandero Stepway's interior punches above its price bracket too. After all, you spend most of your time driving the car, not gazing at it lovingly (although we won't judge if you do.)

Satin chrome air vent, central console and door handle surrounds? Fancy upholstery and **DAB radio** as standard? Air conditioning to make sure you keep your cool? They're all there and ready to roll.

Five proper seats mean there's plenty of room for the whole family too. And they'll all help you stay extra safe, thanks to the reinforced body structure, **front and side airbags**, and **height-adjustable headrests**.

# Tech at your fingertips

Life's already too complicated for unnecessary fuss. But a few useful and fun gadgets and gizmos can make getting from A to B so much better.

That's why you get **DAB radio** as standard in your Sandero Stepway. And a 12V socket for easy tablet and phone charging. Not to mention USB and Aux inputs to play your favourite music, and Bluetooth®\* to let you make handsfree calls.

Choose the Comfort model with **7" Touchscreen MediaNav** system and you'll also get **SatNav** with voice guidance. That means you'll always know where you're heading. Now that's smarter thinking. As well as your smartphone apps being used on screen via **Apple Car Play™** or **Android Auto™\***.

# The Dacia way

Fifteen years isn't long. But in that time we've grown from unknown to international warriors. We've sold 5 million Dacias globally since 2004.

It takes something different to make an impact like that. And we've got different by the shed-load.

See, we think practicality should always come first. No silly frills, just exactly the kit and quality you need. So that's what our simple range of smart, reliable cars give you. Our prices are always clear and remain shockingly affordable.

Maybe that's why we've been one of the **fastest growing car brands** in Europe since 2004. Or maybe it's the awards we keep winning like our most recent award Autotrader's best value brand 2018. Don't just take our word for it – check out our trophy cabinet and our genuine customer reviews on **Dacia.com.cy**.

Did you know we're part of the **Renault Nissan Mitsubishi Alliance**, and share our head office with Renault? That means we also share Renault's **nationwide dealer network**. So if you want to pop in for a look, chat or test drive, chances are we're pretty close by.
