

RENAULT SANDERO

**THE FREEDOM TO BE SPONTANEOUS
THE RENAULT SANDERO WAY**

TRUE STYLE THAT LEAVES ITS MARK

STYLE, SPACE AND STURDINESS FINALLY
WITHIN REACH...

The new Renault Sandero stands out as a stylish and sturdy hatchback, with appealing looks that convey both solidity and dynamism. The expressive contoured headlamps, bold front bumper and sporty grille combination perfectly matches its sleek bodywork, making an immediate impression on the beholder.

The Renault Sandero is more than just a mode of transport - it is undeniably attractive and offers a safe and affordable ride in true style.

STYLISH AND SPACIOUS

The exterior design makes an immediate impression on the beholder, it's both stylish and appealing. Expressive contoured headlamps, bold front bumper and a sporty grille combine perfectly to match its sleek body work.

The exterior design gives an impression of a roomy interior, and upon entering the vehicle, one is pleasantly surprised to find that the interior space is even bigger than one thought. The Sandero can carry five large adult occupants comfortably. But what about the luggage space? The Sandero has the biggest boot space in its segment, in some cases even larger than vehicles in higher segments. With an impressive 320 litres of boot space, the Sandero can pack plenty of luggage with ease - something not usually associated with hatchbacks.

The Sandero's design, both exterior and interior, is a pure impression of solidity and sturdiness in the bodywork. Not surprisingly, the Renault Sandero has been designed, adapted and tested to severe climatic conditions and difficult road surfaces in South Africa to ensure that it's durable and reliable, even in extremely harsh conditions.

Overall, the Sandero offers a stylish, spacious and robust package with great personality to boot. Certainly worth checking out!

COOL FEATURES

- Power steering
- Air-conditioning
- Driver's airbag
- Passenger airbag
- ABS braking + Electronic Brake force Distribution (EBD)
- Emergency Brake Assist (EBA)
- Height adjustable driver's seat
- Remote central locking
- Radio/CD/ MP3/USB/iPOD compatible system (available as an accessory)

AFTER ALL IT'S THE STYLISH, SPACIOUS, STURDY SANDERO

Features and images may vary and be optional depending on model.

POSITIVELY STURDY, PROVEN RELIABILITY

The new Sandero is meticulously built to Renault's stringent global quality standards under the B0 platform philosophy. The B0 platform's fundamentals are the production of spacious, higher quality (robust), and low cost maintenance vehicles at an affordable price. All vehicles produced from this platform undergo rigorous quality testing by exposure to severe climatic conditions and bad road surfaces. The result is a sturdy and reliable product of quality beyond reproach. It is not surprising that over 1.3 million vehicles produced from this platform have been sold worldwide (in over 60 countries) since its inception in 2004. Some models produced under the same platform have achieved accolades for high quality and durability in their respective countries, further vindicating the higher quality standard of the platform.

Whatever the terrain and weather conditions you are driving in, you can always count on Sandero's proven endurance. Two petrol engines (1.4i and 1.6i) have been specifically chosen for the new Sandero because of their sturdiness and proven reliability over many years within the Renault family. These engines meet B0 platform commitment - to offer engines with reduced running costs, impeccable sturdiness and ease of maintenance.

UNPARALLELED SAFETY HERITAGE

The Renault brand has become synonymous with vehicle safety worldwide. This reputation is duly deserved since Renault is the only vehicle manufacturer with 12 models having obtained 5 stars in the Euro NCAP crash tests – the international authority in new vehicle safety assessment. With such a rich safety heritage, Renault has ensured that the new Sandero body structure meets their safety standards, furthermore all doors are reinforced with side protection beams. The highly rigid and robust occupant's cell ensure that the driver and passengers are kept from harm in the event of the unexpected.

The new Renault Sandero offers safety features such as driver and passenger airbags and ABS braking system with Electronic Brake Distribution (EBD), further enhanced by Emergency Brake Assist (EBA) according to version.

LOW COST OF MAINTENANCE BACKED BY RENAULT CONFIANCE

The philosophy behind the new Renault Sandero is centred around robustness and reliability in design with low cost of maintenance. This is reflected in internationally proven durable and fuel efficient engines. With the new Renault Sandero not only are you guaranteed affordability in spare parts, but availability as well since the vehicle is locally produced.

It therefore came as no surprise when the new Renault Sandero was ranked top in the B segment category (vehicles retailing between R 110 000 - R 160 000) in 2009 as the most affordable vehicle in terms of service, repair and crash parts pricing.

This reaffirms Renault's commitment to affordable motoring. The new Renault Sandero is not only affordable to buy, but it is also cost-effective to maintain!

Also visit www.kinsey.valueweb.co.za to view the independent Kinsey Report 2009.

The new Sandero is backed by Renault Confiance, our customer service package, with a 3 year/45 000 km Service Plan available from the 1.6 United and higher versions. All Renault Sandero versions come standard with a 5 year/150 000 km mechanical warranty and a 6 year anti-corrosion warranty.

Every new Renault Sandero comes standard with peace of mind.

MADE IN SOUTH AFRICA

The new Renault Sandero has been designed, adapted and tested to severe climatic conditions and difficult road surfaces such potholes, gravel and sand. The durability testing has been carried out according to Renault stringent global standards to ensure that the quality of every vehicle produced in South Africa is as good as any Renault produced anywhere else in the Renault factory across the world. You can rest assured that the new Sandero is robust and reliable - made for Africa.

GENEROUS INTERIOR SPACE, PRACTICAL DRIVING ENVIRONMENT

Sandero's 4.02m length, 1.75m width and 1.53m height translates into generous and unrivalled interior space for all 5 large adult occupants and their luggage. The vehicle's definitive 878mm of headroom in the rear of the vehicle will leave a noticeable gap between even the tallest person's head and the roof-lining, while front-seat occupants can stretch out comfortably, thanks to a substantial 1 380mm and 1 400mm of front and rear shoulder room.

With an exceptional boot capacity of 320 litres, the Sandero boasts the largest luggage space in its class and sometimes even larger than vehicles above its segment. The luggage space can be increased to a maximum of 1200 litres with the offering of 60:40 split rear seats on the League version.

The new Renault Sandero's generous interior is further complemented by the practical design. The design of the door panels contributes to the cabin's modern feel, thanks to the smart handles and decorative trim strips. The new Renault Sandero is available with two dashboard trims and co-ordinated upholsteries. Particular attention was paid to produce an uncluttered, practical driving environment, with easy-to-read instruments and user-friendly controls.

60:40 split rear seats
320 litre boot, with up to
1200 litres with the seats
folded flat.

SANDERO ACCESSORIES

OPTIONAL ACCESSORIES TO CUSTOMISE YOUR SANDERO

The new Renault Sandero offers a wide range of accessories. Whatever your priority, be it practicality, safety or technology, our range is designed to meet your every need.

Accessorise your Sandero and make even more of your driving experience.

Body kit
Available in black and silver grey

Chrome exhaust outlet

Rear diffuser

Actual accessories may vary from photographs shown and are subject to change without notice.

Roof bars

Rear roof spoiler

Bicycle carrier

Fog light kit

Wind deflectors

Mud flaps

Swan neck tow bar

SANDERO OPTIONAL ACCESSORIES

SANDERO ACCESSORIES

CARPET MATS

Colour matches the original colour scheme. Comfortable, waterproof and washable.

CARGO BOOT NET

Keep it secure! A boot net that prevents objects from rolling around while driving.

BOOT BIN WITH LID

Practical and clever, the boot bin with lid optimises the storage of objects. Its airtight compartment under the lid stays isolated from the rest of the boot.

LEATHER FITMENT

Made to measure leather fitment for a durable and luxurious feel to match the interior of the Sandero.

COAT HANGER ON HEAD RESTRAINT

Allows clothes to be hung on the back of the seat without creasing.

FRONT CENTRAL ARM REST

Renault Design perfectly integrated. The compartment provides storage for pens and cellphones etc.

KID PLUS CHILD SEAT

For children from 4 to 10 years. Weight 6.8kg

ALUMINIUM TOURING LINE ROOF BARS

Silvery grey roof bars with plane-wing aluminium section. Weight limit: 80kg.

SEAT BACK PROTECTIVE COVER

Protective apron protecting the rear of the seat. Fitted with several pockets permitting all types of storage.

COMPACT ALARM

Keep your Sandero safe and secure. Audible remote alarm system warns against attempted intrusions.

CD STORAGE SUNVISOR POUCH

Attached to the sunvisor, it can hold up to 12 CDs and other odds and ends.

RADIO/CD/MP3/USB PLAYER

Quality in-car sound with a Renault approved Radio/CD/MP3 player also with USB.

SWAN NECK TOW BAR

Tow safely with a Renault towbar! With its elegant design, the ball can be removed using tools to preserve the aesthetics of your Renault.

BLUETOOTH CAR KITS

Hands-free wireless kit. Compatible with most Bluetooth telephones on the market.

1. CK3000 Evolution
2. CK3100 LCD
3. CK3200 LS

PARK DISTANCE CONTROL SENSORS

Detects obstacles which could be impacted by the vehicle whilst reversing.

NAVIGATION SYSTEMS

State-of-the-art GPS with South African programmed road maps.
